For: FABRICATION METHOD OF LIQUID
CRYSTAL DISPLAY PANEL AND SEAL
PATTERN FORMING DEVICE USING THE
SAME

Examiner: David Y. Chung

RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

MS Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Dear Sirs:

In response to the Election/Restriction Requirement set forth in the Office Action mailed September 21, 2005, Applicants hereby provisionally elect Group I, shown in Figure 4 (claims 13-17) with traverse and without prejudice or disclaimer.

The Examiner has requested election among Species I, II, and III as designated by the Examiner. Applicants respectfully disagree that Species II and III are species of the present invention.

For example, Figures 5, 6A, and 6B explain a method for forming a seal pattern of the present invention. Figure 5 illustrates a dispensing method of forming the seal pattern, while Figures 6A and 6B illustrate a screen printing method. However, all figures illustrate a method of forming a seal pattern.

An action on the merits is respectfully requested.

If these papers are not considered timely filed by the Patent and Trademark Office, then a petition is hereby made under 37 C.F.R. §1.136, and any additional fees required under 37 C.F.R. §1.136 for any necessary extension of time, or any other fees required to complete the filing of this response, may be charged to Deposit Account No. 50-0911. Please credit any overpayment to deposit Account No. 50-0911.

Dated: October 20, 2005

Respectfully submitted,

By 

George G. Ballas
